MEMORANDUM OF UNDERSTANDING

Between

The Politecnico di Torino (hereinafter referred to as “Politecnico”), Tax Code no. 00518460019, represented by the Vice Rector for International Affairs pro-tempore Prof. Bernardino Chiaia, born in Bari on 07.05.1966, domiciled for the purposes of this act at the headquarters of the Institution in Turin, in Corso Duca degli Abruzzi no. 24, whose Board of directors authorized with resolution dated 27.05. 2015 to draw up this act

and

the Ural Federal University, Tax Code/VAT number 6660003190/667001001, with registered offices in Ekaterinburg, Mira street 19 (hereinafter referred to as “UrFU”) represented by Maxim Khomyakov, Vice-Rector for International Relations born on 25/03/1971 domiciled for this post at the headquarters of the Institution,

Politecnico and UrFU also individually referred to as the “Party” and jointly as the “Parties.”

Given that/ Whereas

- a. the Politecnico has, among its institutional purposes, education and research, in addition to the tasks of technology transfer and services to the socio-economic system and to the territory;
- b. the Politecnico, as *research university*, intends to generate and support development processes based on knowledge, through interaction with public and private actors, who contribute to the creation and dissemination of knowledge;
- c. the two institutions share the same interests and common objectives within the academic and cultural field;
- d. the objectives outlined above are fulfilled through the ability to adopt a system on the frontier of research and training in the areas of excellence in the University and in the territory’s socio-economic system;
- e. the Politecnico intends therefore to intensify collaboration with private and public entities, operating on the territory, with a view to fostering cooperation in relation to projects in partnerships of mutual interest;
- f. the two institutions, with a view to pursuing their mission of common interest, have expressed their willingness to collaborate, in the terms and under the conditions established later on in this protocol, with the purpose of carrying out projects of cultural interest, education, research, and innovation, for the common good.

**POLITECNICO
DI TORINO**

**In view of all this, which constitutes an integral part of this Memorandum, the Parties,
as indicated above, agree and specify as follows**

Art. 1 – Purpose of the Memorandum

1. The Politecnico and the UrFU express their interest in creating a partnership whereby training, study, and research activities conducted by the Politecnico may complement, through the use of qualified resources and adequate tools, the corresponding activities carried out by the UrFU.

Art. 2 – Activities

1. The Politecnico and the UrFU promote reciprocal cooperation in training activities, and research in areas of common interest for both parties, to be implemented in ways which will be defined for this purpose, including, but not limited to:
 - a. projects for the support of the academic-professional training of students and undergraduates with the aim of providing them with the opportunity to gain a better knowledge of the job market;
 - b. projects for the promotion of research doctorates;
 - c. projects for the definition of networks of relations at an international level and in the organization of institutional events promoting scientific-technological and business culture at a local level;
 - d. projects for synergy initiatives between the Italian and international network of the UrFU and of the Politecnico;
 - e. projects for the identification of new models and strategies which allow the relationship with the territory to be strengthened, in social and cultural terms as well, through the experimentation of new forms of communication and dissemination of high-tech knowledge and experience within the social fabric, in addition to other projects, briefly described later on in this Memorandum.
 - f. exchanges for undergraduates, postgraduate students, researchers and faculty;
 - g. periods of study, internship, and seminars on previously established topics;
 - h. exchanges of information, documentation, and scientific publications,
 - i. student exchanges through practical internships of various durations.
2. The formalisation of the specific acts in relation to the administrative, financial and organisational aspects of implementing the Projects are deferred to measures which, on a case-by-case basis, will be perfected according to procedures provided for in the internal Regulations of the Politecnico and of the UrFU.
3. The stipulation of this act does not imply that the Parties assume any obligation, but is merely a show of interest in cooperating in the commencement of the collaboration.

The collaboration between the UrFU and the Politecnico will be organised on the basis of specific competences through the stipulation of specific agreements at an institutional level or with the departments or structures whose competences will be required to achieve the common goal identified by the Parties.
